Walter Bagehot (1826-1877) was a prominent English journalist, banker, and man of letters. For many years he was editor of "The Economist," and to this day the magazine includes a weekly "Bagehot" column. His analyses of politics, economics, and public affairs were nothing short of brilliant. Sadly, he left no memoir. How, then, does this book bear the title, "The Memoirs of Walter Bagehot"? Frank Prochaska explains, "Given my longstanding interest in Bagehot's life and times, I decided to compose a memoir on his behalf." And so, in this imaginative reconstruction of the memoir Bagehot might have written, Prochaska assumes his subject's voice, draws on his extensive writings (Bagehot's "Collected Works" fill 15 volumes), and scrupulously avoids what Bagehot considered that most unpardonable of faults--dullness. A faux autobiography allows for considerable license, but Prochaska remains true to Bagehot's character and is accurate in his depiction of the times. The memoir immerses us in the spirit of the Victorian era and makes us wish to have known Walter Bagehot. He is, Prochaska observes, the Victorian with whom we would most want to have dinner. In rich and intimate detail, Invisible Wounds delivers a powerful message of love and strength. The journey of Anonymous attempting to fill a void to a man who is currently at peace, is a groundbreaking story needed to be heard by all. This is Book 4 of the series "The Chronological Sherlock Holmes". "The Memoirs of Sherlock Holmes" is a collection of Sherlock Holmes stories, originally published in 1894, by Arthur Conan Doyle. Doyle had decided that these would be the last collection of Holmes's stories, and intended to kill him off in "The Final Problem". Reader demand stimulated him to write another Holmes adventure—"The Hound of the Baskervilles". In "The Return of Sherlock Holmes", Holmes relates the aftermath of "The Final Problem", and how he survived. "Captivating, minutely imagined . . . a novel that refuses to stay shut" ("Newsweek"), "Memoirs of a Geisha" is now released in a movie tie-in edition. A stunning look at World War II from the other side... From the turret of a German tank, Colonel Hans von Luck commanded Rommel's 7th and then 21st Panzer Division. El Alamein, Kasserine Pass, Poland, Belgium, Normandy on D-Day, the disastrous Russian front--von Luck fought there with some of the best soldiers in the world. German soldiers. Awarded the German Cross in Gold and the Knight's Cross, von Luck writes as an officer and a gentleman. Told with the vivid detail of an impassioned eyewitness, his rare and moving memoir has become a classic in the literature of World War II, a first-person chronicle of the glory--and the inevitable tragedy--of a superb soldier fighting Hitler's war. "First published in French by Futuropolis in 2015"--Copyright page. Someone tickled me behind my ears, under my arms. I curled up, became a full moon, and rolled on the floor. I may also have emitted a few hoarse shrieks. Then I lifted my rump to the sky and tucked my head beneath my belly: Now I was a sickle moon, still too young to imagine any danger. Innocent, I opened my anus to the cosmos and felt it in my bowels. A bear, born and raised in captivity, is devastated by the loss of his keeper; another finds herself performing in the circus; a third sits down one day and pens a memoir which becomes an international sensation, and causes her to flee her home. Through the stories of these three bears, Tawada reflects on our own humanity, the ways in which we belong to one another and the ways in which we are formed. Delicate and surreal, Memoirs of a Polar Bear takes the reader into foreign bodies and foreign climes, and immerses us in what the New Yorker has called 'Yoko Tawada's magnificent strangeness'. Johnny Grant (1833-1907), Metis, fur trader, rancher, and Riel-Resistance participant, documented his historical experiences in the northwestern US and Canada. The hit BBC series Sherlock, starring Benedict Cumberbatch, offers a fresh, contemporary take on the original Sir Arthur Conan Doyle stories, and has helped introduce a whole new generation of fans to the legendary detective. This TV tie-in edition to Sir Arthur Conan Doyle's second collection of Sherlock Holmes short stories, which was first published in 1894, includes the infamous 'The Final Problem'. It is one of Conan Doyle's favourite Sherlock tales and the detective's deadliest challenge. This is the ultimate thriller, in which Sherlock meets his intellectual match: the criminal mastermind Professor Moriarty. As Moriarty pushes Sherlock to his intellectual limits, this game of cat and mouse will test not only their wits but their mortality. Longlisted for the Center for Fiction's 2021 First Novel Prize 'Picaresque, gentle and slyly humorous; the glacial beauty of the northern landscape is the backdrop to arresting horrors, concealed passions, and a lifetime of kindnesses - all superbly rendered by Miller: a joy to read' Oisín Fagan, author of Nobber In 1916, Sven Ormson leaves Stockholm to seek adventure in Svalbard, an Arctic archipelago where darkness reigns four months of the year, and where he might witness the splendour of the Northern Lights one night or be attacked by a polar bear the next. After a devastating accident while digging for coal, Sven heads north again and ends up on an uninhabited fjord living in a hut he builds, alone except for the company of a loyal dog, testing himself against the elements. Years into his routine isolation, the arrival of an unlikely visitor sparks a chain of events that brings Sven into a family of fellow outsiders and determines the course of the rest of his life. Inspired by a real person and written with wry humour, in prose as beautiful as the stark landscape it evokes, The Memoirs of Stockholm Sven is a testament to the strength of human bonds, reminding us that even in the most inhospitable conditions, we are not beyond the reach of love. The Nazi Party leader behind Hitler's violent rise to power offers a candid chronicle of his life and the early days of National Socialism in Germany. Ernst Röhm was one of the key architects behind the rise of the Nazi Party. From 1919 until 1923, following the defeat of Germany in the First World War, Röhm served in the Freikorps and then National Socialist German Workers' Party—the Nazi Party. He served as the party's patron, promoter, and watchdog. With Adolf Hitler, Röhm cofounded the SA, the thuggish workforce behind Nazi political activity. Many believe that Hitler's rise to power would not have happened without Röhm's organizational skill, authority, and influence. Though Röhm took part in the Beer Hall Putsch in 1923, he became disillusioned with the Nazi Party and resigned in 1925. Röhm wrote his memoirs in 1928—entitled A Traitor's Story—the year he both resumed working for the Nazis and left to serve in the Bolivian army. In his candid recounting of his experiences, he wrote "Hitler and I were linked by ties of sincere friendship." Little did Röhm know that their "friendship" would end with Hitler ordering his execution during the Night of the Long Knives. In a beleaguered city where rats and roving gangs terrorize the streets, where government has broken down and meaningless violence holds sway, a woman -- middle-aged and middle-class -- is brought a twelve-year-old girl and told that it is her responsibility to raise the child. This book, which the author has called "an attempt at autobiography," is that woman's journal -- a glimpse of a future only slightly more horrendous than our present, and of the forces that alone can save us from total destruction. Memoirs of a Soviet military commander in the course of World War II. ?? SHERLOCK HOLMES "The Memoirs of Sherlock Holmes" Hardcover : A SPECIAL EDITION! The Memoirs of Sherlock Holmes, published in 1894, is the second collection of Sherlock Holmes stories published in book form. All of the stories included in the collection previously appeared in The Strand Magazine between 1892 and 1893. They purport to be the accounts given by Dr. John Watson of the more remarkable cases in which his friend Mr. Sherlock Holmes becomes involved in his role as a consulting detective. The Memoirs of Sherlock Holmes is also notable because by this time Doyle had tired of the Holmes character and decided to kill him off, so that this was intended to be the last Holmes collection ever to be published. It contains several of the best-known Holmes stories, including "Silver Blaze," "The Musgrave Ritual," and "The Greek Interpreter," which introduces Sherlock's brother Mycroft; and of course "The Final Problem" in which Holmes struggles with his nemesis Professor Moriarty. If you like Sherlock Holmes, you absolutely cannot miss this edition of the book. It's a masterpiece to read and collect along with your favorite books. This is the perfect gift for any literature lover: a book to read and enjoy! This insightful work examines the variety of ways that collective memory, oral tradition, history, and history writing intersect. Integral to all this are the ways in which ancient Israel was shaped by the monarchy, the Babylonian exile, and the dispersions of Judeans and the ways in which Israel conceptualized and interacted with the divine-Yahweh as well as other deities. Excerpt from Dromana: The Memoirs of an Irish Family These memoirs connected with the Old house Of Dromana, have been gathered together in a great measure for the sake of making a link between the past generations to whom Dromana has descended in unbroken succession for 500 years, and generations yet to be born whose history and continuity no mortal may predict. However, though these memoirs were first begun with the idea of their being only a simple family history so much that is of general interest centres round them, I now venture to hope that a larger circle than I first sought to interest will like to read this unpretentious sketch of Irish History that has come into existence, as it were, almost in an unpremeditated way. Set in mid-nineteenth century America, Dolly's story is of the fight against slavery in the deep south, and her own struggle against exploitation by men both enslaved and free. She eventually finds the love she has searched for in the virile person of Captain Franklin. Michael Mansfield, QC, is Britain's most high-profile defence lawyer, whose unparalleled commitment to his clients and radical approach to forensics, evidence and disclosure have made him a scourge of the establishment and a champion of the individual in many miscarriages of justice cases. Passionate about unveiling corruption and unafraid to challenge received wisdom, he has taken on many of the most controversial cases of our times, including the Bloody Sunday Inquiry, Angela Cannings, Jill Dando and Barry George, Dodi Fayed and Princess Diana, Stephen Lawrence, Arthur Scargill and the miners and, most recently, the tragic death of Jean Charles de Menezes. Dissecting these cases with incisive intelligence, subtlety and humour, and interspersing revealing personal reminiscences he offers a fascinating insight into the idiosyncrasies of the English legal system and how it has changed from the late 1960s to the present. When a grumbling volcano causes Moominvalley to flood, the Moomins escape by boat, finding refuge on a floating theatre. Adventures abound when the theatre casts adrift leaving Moomin, The Snorkmaiden and Little My marooned. Will they all be reunited before the final curtain? Miss M., the narrator of these fictional memoirs, is a diminutive young woman (though just how diminutive, the author never says) with a "passion for shells, fossils, flints, butterflies, and stuffed animals." Miss M. tells of her early life as a dreamy orphan and, in particular, of her tempestuous twentieth year -- in which she falls in love with a beautiful and ambitious full-sized woman and is courted by a male dwarf. Concluding that she must choose either to simply tolerate her difference or grow callous to it, Miss M. resolves to become independent by offering herself up as a spectacle in a circus. "After a long period of neglect de la Mare may be beginning to be seen as the remarkable writer that he is." --John Bayley, The New York Review of Books Under Spark Elf's direction, Santa delivers presents in the allotted 24 hours only to arrive at the North Pole with a

The widely anticipated memoir of legendary ace American fighter pilot, Robin Olds Robin Olds was a larger-than-life hero with a towering personality. A graduate of West Point and an inductee in the National College Football Hall of Fame for his All-American performance for Army, Olds was one of the toughest college football players at the time. In WWII, Olds quickly became a top fighter pilot and squadron commander by the age of 22—and an ace with 12 aerial victories. But it was in Vietnam where the man became a legend. He arrived in 1966 to find a dejected group of pilots and motivated them by placing himself on the flight schedule under officers junior to himself, then challenging them to train him properly because he would soon be leading them. Proving he wasn't a WWII retread, he led the wing with aggressiveness, scoring another four confirmed kills, becoming a rare triple ace. Olds (who retired a brigadier general and died in 2007) was a unique individual whose personal story is one of the most eagerly anticipated military books of the year. Bestselling novelist Margaret George brings to life the glittering kingdom of Cleopatra, Queen of the Nile, in this lush, sweeping, and richly detailed saga. Told in Cleopatra's own voice, The Memoirs of Cleopatra is a mesmerizing tale of ambition, passion, and betrayal in the ancient Egyptian world, which begins when the twenty-year-old queen seeks out the most powerful man in the world, Julius Caesar, and does not end until, having survived the assassination of Caesar and the defeat of the second man she loves, Marc Antony, she plots her own death rather than be paraded in triumph through the streets of Rome. Most of all, in its richness and authenticity, it is an irresistible story that reveals why Margaret George's work has been widely acclaimed as "the best kind of historical novel, one the reader can't wait to get lost in." (San Francisco Chronicle). A compelling vision of a disorientating and barbaric future from Doris Lessing, winner of the Nobel Prize for Literature. Literature's greatest detective team investigates a dozen of their best-known cases, including "The Speckled Band," "The Red-Headed League," "The Five Orange Pips," and "A Scandal in Bohemia." In the summer of 1964, while a military coup was taking place and tanks were rolling through the streets of Algiers, Robert Irwin set off for Algeria in search of Sufi enlightenment. There he entered a world of marvels and ecstasy, converted to Islam and received an initiation as a faqir. He learnt the rituals of Islam in North Africa and he studied Arabic in London. He also pursued more esoteric topics under a holy fool possessed of telepathic powers. A series of meditations on the nature of mystical experience run through this memoir. But political violence, torture, rock music, drugs, nightmares, Oxbridge intellectuals and first love and its loss are all part of this strange story from the 1960s.
