**Colonial Ambition** May 19 2020 Colonial Ambition tells the story of the politicians and would-be politicians of Sydney, who were driven by a determination to lift themselves and their new colony to a higher level. They wanted parliamentary liberty, though they were sharply divided over the form it might take and these divisions, centred in Sydney, were unremitting. Peter Cochrane tells of the fight for responsible government and democracy through a memorable cast of characters: W.C. Wentworth, Sir George Gipps, Robert Lowe, Lord Howick (Earl Grey), Henry Parkes, Charles Cowper, Lord John Russell and more, all of whom speak for themselves, in the robust language of the day. Written with great brio and verve, Peter Cochrane has brought to life the various players in a way that is very rare in the writing of Australian history. Colonial Ambition is testament that Australia does have a rich and exciting political history.

*The International Law and Practice of Early-Warning and Preventive Diplomacy* Nov 12 2019 Despite the decrease in tension between East and West, the world is still faced by many threats to international security: a deteriorating environment, terrorism, drug trafficking, humanitarian emergencies, serious human rights violations and mass exoduses of populations. There is a growing need to devote more attention to how these international security challenges can be dealt with; piecemeal approaches and strategies no longer suffice. The interaction of security issues, and their global nature, call for broad and integrated strategies of management and of governance. States are now discovering that if they are to protect their own interests, they will need to entrust to the international community, through the agency of international organizations, competences for the protection of the common interest and human welfare. The United Nations will be called upon to operate an integrated global watch in the environmental, military, political, economic, social and humanitarian sectors: a system of early-warning can prevent potential political conflicts or humanitarian emergencies. The present work sheds some light on the principles of international law for the conduct of early-warning and preventive diplomacy, and shows the urgent need for the establishment of a true Global Watch. The world is now threatened by problems never experienced before in the history of the international community, and partnership and cooperation will be crucial if the international security challenges of the future are to be addressed successfully.

**The Diaries of Anthony Hewitson, Provincial Journalist, Volume 1** Mar 29 2021 Anthony Hewitson (1836-1912) was a typical Victorian journalist, working in one of the largest sectors of the periodical press, provincial newspapers. His diaries, written between 1862 and 1912, lift the veil of anonymity hiding the people, processes and networks involved in the creation of Victorian newspapers. They also tell us about Victorian fatherhood, family life, and the culture of a Victorian town. Diaries of nineteenth-century provincial journalists are extremely rare. Anthony Hewitson went from printer's apprentice to newspaper reporter and eventually editor of his own paper. Every night he jotted down the day's doings, his thoughts and feelings. The diaries are a lively account of the reporter's daily round, covering meetings and court cases, hunting for gossip or attending public executions and variety shows, in and around Preston, Lancashire. Andrew Hobbs's introduction and footnotes provide background and analysis of these valuable documents. This full scholarly edition offers a wealth of new information about reporting, freelancing, sub-editing, newspaper ownership and publishing, and illuminates aspects of Victorian periodicals and culture extending far beyond provincial newspapers. The Diaries of Anthony Hewitson, Provincial Journalist are an indispensable research tool for local and regional historians, as well as social and political historians with an interest in Victorian studies and the media. They are also illuminating for anyone interested in nineteenth-century social and cultural history.

**Implacable Foes** Aug 22 2020 By the time of the dropping of the atom bomb in August 1945, the United States military situation in the Pacific was in disarray. As an Army staff officer stated simply, "The capitulation of Hirohito saved our necks."In 1944, a year earlier, success seemed near, but squabbling in the military command and the logistical challenges of launching a full-scale invasion of the Japanese mainland soon took their toll, and by the time of V.E. Day it was questionable whether the United States was up to the task of endingthe war in the Pacific. An exhausted American public was calling for troops to come home and for the country to return to manufacturing consumer items instead of arms. Republican politicians called for the Allies to back away from the demand for unconditional surrender. The politically powerfulconstituency of GIs won legislative victories, allowing soldiers more easily to leave the military and depleting units just as they most needed experienced soldiers. Weaving together analysis of grand strategy with a vivid narrative depicting the brutal, debilitating, and often terrifying experienceof combat, Waldo Heinrichs and Marc Gallicchio bring to life the final year in the Pacific. They explore the lives of the soldiers, sailors, and Marines who faced illness, drenching rain, and tenacious Japanese opponents. They also evoke the grand, clashing personalities of Douglas MacArthur andGeorge C. Marshall, who warned of "the agony of enduring battle," and shed light on the views of President Roosevelt, who doubted Americans' understanding of the conflict and worried about a public mood that oscillated between overconfidence and despair. After the bloodletting on Iwo Jima andOkinawa, the war against Japan seemed more repugnant and less meaningful than the struggle against Germany. It is in this context, of military emergency and patience wearing thin, that a new president, Harry S. Truman, made the decision to deploy the atomic bomb.This remarkable, gripping narrative challenges assumptions about the inevitability of the war's outcome, the consequences of the "Europe first" strategy, and the wisdom of America's leaders.

**Contemporary Perspectives on the Detection, Investigation and Prosecution of Art Crime** Dec 26 2020 In the world of law enforcement art and antiquity crime has in the past usually assumed a place of low interest and priority. That situation has now slowly begun to change on both the local and international level as criminals, encouraged in part by the record sums now being paid for art treasures, are now seeking to exploit the art market more systematically by means of theft, fraud and looting. In this collection academics and practitioners from Australasia, Europe and North America combine to examine the challenges presented to the criminal justice system by these developments. Best practice methods of detecting, investigating, prosecuting and preventing such crimes are explored. This book will be of interest and use to academics and practitioners alike in the areas of law, crime and justice.

*No Regrets in the Evening of Life* Apr 29 2021 The type of local and school history before the reader may be unfamiliar. It is a definitive and scholarly history in the style of many grammar school histories in Queensland. Although it is not unknown for Australian public and private schooling, it is unique for Queensland state schools. By saying it is a 'definitive and scholarly history', what is meant is not that the history is complete; only that it reaches decisive conclusions in a substantive treatment. In this particular case, the historian is someone who has been trained at the level of a higher degree.

**The Former Yugoslavia at the Turn of the Twenty-First Century** Dec 06 2021 This book focuses on the recent political and economic events in the former Yugoslavia. The author presents a clear, detailed and accessible breakdown of the developments in: Bosnia-Herzegovina, Croatia, the Former Yugoslav Republic of Macedonia, Slovenia and the Federal Republic of Yugoslavia (Serbia and Montenegro). The role of the West in the more unstable countries of the Former Yugoslavia has been reassessed in the light of the terrorist attacks on the United States and the fall of Afghanistan. The involvement of the US, in particular, in countries affected by ethnic strife has been brought under scrutiny, as has the role of international military and civilian involvement in maintaining peace and rebuilding economies and political structures. This book contributes to these debates by providing a unique level of coverage of economic and political developments in former Yugoslav countries. It will provide an invaluable source of reference for all those interested in transitional and developing countries.
