Interpreting Economic and Social Data Jan 16 2020 "Interpreting Economic and Social Data" aims at rehabilitating the descriptive function of socio-economic statistics, bridging the gap between today's statistical theory on one hand, and econometric and mathematical models of society on the other. It does this by offering a deeper understanding of data and methods with surprising insights, the result of the author's six decades of teaching, consulting and involvement in statistical surveys. The author challenges many preconceptions about aggregation, time series, index numbers, frequency distributions, regression analysis and probability, nudging statistical theory in a different direction. "Interpreting Economic and Social Data" also links statistics with other quantitative fields like accounting and geography. This book is aimed at students and professors in business, economics demographic and social science courses, and in general, at users of socio-economic data, requiring only an acquaintance with elementary statistical theory.

Encyclopedia of Home Maintenance and Repair Sep 23 2020 Want to put and keep your house in tip-top shape, inside and out? Fix the plumbing? Add or maintain electrical fixtures? Upgrade the heat and air-conditioning for better comfort? Repair the roof and mend the exterior wall? Fix a squeaking floor? No matter the task, the more than 600 pages of this fix-it-up encyclopedia provide a wealth of knowledge and photos and drawings that show you how to do everything. Do it yourself, or use the information to judge the value and quality of professional work. Throughout, there's an emphasis on the selection of materials for particular jobs, so you can choose the best ones; on the correct operation of tools; on ways to meet any building codes. Go deep inside the workings of plumbing, including the potable water system, the hot water main, and more. Quickly figure out if you can add to an existing electrical circuit, plus how to replace circuits and repair wiring. Renovate interior walls and ceilings, install home security, improve temperature control, take a furniture workshop, and so much more!
