Bad Luck, Hot Rocks Feb 25 2021 The story of the curse made famous by the hit show Dead to Me The Petrified Forest National Park in Northeast Arizona protects one of the largest deposits of petrified wood in the world. Despite stern warnings, visitors remove several tons of petrified wood from the park each year, often returning these rocks by mail (sometimes years later), accompanied by a "conscience letter." These letters often include stories of misfortune attributed directly to their theft: car troubles, cats with cancer, deaths of family members, etc. Some writers hope that by returning these stolen rocks, good fortune will return to their lives, while others simply apologize or ask forgiveness. "They are beautiful," reads one letter, "but I can't enjoy them. They weigh like a ton of bricks on my conscience. Sorry..." Bad Luck, Hot Rocks documents this ongoing phenomenon, combining a series of original photographs of these otherworldly "bad luck rocks" with facsimiles of intimate, oddly entertaining letters from the park's archives.

Luck Sep 22 2020 For aspiring cricketer Ed Smith, luck was for other people. Ed believed that the successful cricketer made his own luck by an application of will power, elimination of error, and the relentless pursuit of excellence. But when a freak accident at the crease at Lords prematurely ended Ed Smith's international

cricketing career, it changed everything - and prompted him to look anew at his own life through the prism of luck. Tracing the history of the concepts of luck and fortune, destiny and fate, from the ancient Greeks to the present day - in religion, in banking, in politics - Ed Smith argues that the question of luck versus skill is as pertinent today as it ever has been. He challenges us to think again about privilege and opportunity, to re-examine the question of innate ability and of gifts and talents accidentally conferred at birth. Weaving in his personal stories - notably the chance meeting of a beautiful stranger who would become his wife on a train he seemed fated to miss - he puts to us the idea that in life, luck cannot be underestimated: without any means of explaining our differing lots in life, the world without luck is one in which you deserve every ill that befalls you, where envy dominates and averageness is the stifling ideal. Embracing luck leads us to a fresh reappraisal of the nature of success, opportunity and fairness.

*The Luck Factor* Feb 08 2022 IS LUCK REAL? Why do some people lead happy successful lives whilst others face repeated failure and sadness? Why do some find their perfect partner whilst others stagger from one broken relationship to the next? What enables some people to have successful careers whilst others find themselves trapped in jobs they detest? And can unlucky people do anything to improve their luck - and lives? Ten years ago, Professor Richard Wiseman decided to search for the elusive luck factor by investigating the actual beliefs and experiences of lucky and unlucky people. The results reveal a radical new way of looking at luck: in many important ways, we make our own luck. If you think you're unlucky, that bad luck may be the direct result of you believing you're unlucky. Wiseman identifies the four simple behavioural techniques that have been scientifically proven to help you attract good fortune. He then shows how you can use these methods to revolutionise every area of your life - including your relationships, personal finances and career.

Nothing's Bad Luck Sep 15 2022 Biography of legendary singer-songwriter Warren Zevon, spanning his nomadic youth and early recording career to his substance abuse, final album, and posthumous Grammy Awards As is the case with so many musicians, the life of Warren Zevon was blessed with talent and opportunity yet also beset by tragedy and setbacks. Raised mostly by his mother with an occasional cameo from his gangster father, Warren had an affinity and talent for music at an early age. Taking to the piano and guitar almost instantly, he began imitating and soon creating songs at every opportunity. After an impromptu performance in the right place at the right time, a record deal landed on the lap of a teenager who was eager to set out on his own and make a name for himself. But of course, where fame is concerned, things are never quite so simple. Drawing on original interviews with those closest to Zevon, including Crystal Zevon, Jackson Browne, Mitch Albom, Danny Goldberg, Barney Hoskyns, and Merle Ginsberg, Nothing's Bad Luck tells the story of one of rock's greatest talents. Journalist C.M. Kushins not only examines Zevon's troubled personal life and sophisticated, ever-changing musical style, but emphasizes the moments in which the two are inseparable, and ultimately paints Zevon as a hot-headed, literary, compelling, musical genius worthy of the same tier as that of Bob Dylan and Neil Young. In Nothing's Bad Luck, Kushins at last gives Warren Zevon the serious, in-depth biographical treatment he deserves, making the life of this complex subject accessible to fans old and new for the very first time.

Bad Magic Sep 03 2021 This book is incredibly BAD. It does not contain MAGIC. Or a mysterious ghost girl. Or spontaneous combustion. Or Spanish-speaking llamas. Nope. None of these things. Okay... maybe one of these things. But certainly not MAGIC. It's just an ordinary tale of a normal boy who goes to summer camp on a desert island. Nothing exciting or weird happens. The camp is definitely NOT for crazy, badly-behaved kids, and there are NO SECRETS or MYSTERIES at all. And absolutely NO MAGIC whatsoever...
