No Angel Oct 17 2022 'I'm no angel.' Bernie Ecclestone Born into poverty, Bernie Ecclestone has made himself a billionaire by developing the world's second most popular sport - Formula One racing. Private, mysterious and some say sinister, the eighty-year-old criss-crosses the globe in his private jet, mixing with celebrities, statesmen and sporting heroes. His success is not just in creating a multibillion-pound global business but in resisting repeated attempts to snatch the glittering prize from his control. Ecclestone has never before revealed how he graduated from selling second-hand cars in London's notorious Warren Street to become the major player he is today. He has finally decided to reveal his secrets: the deals, the marriages, the disasters and the successes in Formula One racing, in Downing Street, in casinos, on yachts and in the air. Surprisingly, he has granted access to his inner circle to Tom Bower, described by Ecclestone as 'The Undertaker' - the man who buries reputations - and has given him access to all his friends and enemies. All have been told by Ecclestone, 'Tell him the truth, good or bad.' No Angel is a classic rags-to-riches story, the unique portrayal of a unique man and an intriguing insight into Formula One racing, business and the human spirit. Tom Bower is the author of nineteen books, including biographies of Robert Maxwell, Mohamed Fayed, Gordon Brown, Richard Branson, Conrad Black and more recently, Simon Cowell.

I'm No Angel Feb 21 2023 Have you ever wondered why there are so many "dumb blonde" jokes--always about women? Or how Ivanhoe's childhood love, the "flaxen Saxon" Rowena, morphed into Marilyn Monroe?

Between that season in 1847 when readers encountered Becky Sharp playing the vengeful Clytemnestra--about to plunge a dagger into Agamemnon--and the sunny moment in 1932 when moviegoers watched Clark Gable plunge Jean Harlow's platinum-tressed head into a rain barrel, the playing field for women and men had leveled considerably. But how did the fairy-tale blonde, that placid, pliant girl, become the "tomato upstairs," as Monroe styled herself in *The Seven Year Itch*? In *I'm No Angel: The Blonde in Fiction and Film*, Ellen Tremper shows how, at its roots, the image of the blonde was remodeled by women writers in the nineteenth century and actors in the twentieth to keep pace with the changes in real women's lives. As she demonstrates, through these novels and performances, fair hair and its traditional attributes--patience, pliancy, endurance, and innocence--suffered a deliberate alienation, which both reflected and enhanced women's personal and social freedoms essential to the evolution of modernity. From fiction to film, the active, desiring, and sometimes difficult women who disobeyed, manipulated, and thwarted their fellow characters mimicked and furthered women's growing power in the world. The author concludes with an overview of the various roles of the blonde in film from the 1960s to the present and speculates about the possible end of blond dominance. An engaging and lively read, *I'm No Angel* will appeal to a general audience interested in literary and cinematic representations of the blonde, as well as to scholars in Victorian, women's, and film studies.

Love Lines Sep 04 2021 Until something goes wrong, we take our hearts for granted. Heart-Smart-Gurus, inspired by long research, point to that bright red Valentine in our chests, pumping tirelessly and endlessly on our behalf. But one day textbook cardiogram wiggles, veer off the chart and we are pronounced, however gently, cardiologically in-correct. We feel betrayed. We more or less, thought we were doing everything right so, what's gotten into our ticker, that loyal, lifeline friend? Time for one thing, heart sore for another, Hearts are only human after all. What's a longevity-seeker to do, especially if blessed with enough heart-health insurance to make high-tech opportunities, breakdownaffordable? The concept of preventing heart ache, arresting it, or reversing it, is Valentines number one topic. For me its a question of flat out prevention, to heal the heart emotionally, via a softening process designed to protect the precious pump. Accumulation of blockage is what causes arterial malfunction. Deprived of emotional oxygen, our own hearts cannot dilate freely. Regular exercise may prevent an attack, and insure loves longevity. Superman has nobody, doesnt need a seat belt, nor even a plane. Are you flying solo? Be a friend. Find a lover. No man is an island. A centuries-old someone pointed out:

Friendship doubles our joy and divides our grief. When needed, good friends give major doses of encouragement on short notice, as do family supporters when trouble finds us. A circle of wagons is a supreme conductor for immediate shelter against stray enemy arrows. The John Wayne, strong, silent type, I dont need anybody and men dont show love mentality, isnt macho, man, but flat out stupid! In this writers paraphrase, Samuel Johnson admonished, If a man does not renew his friendships, and make new acquaintances, he finds himself playing alone as he grows, too-soon old and too-late smart. One must keep friendships in constant repair. Has your friendship grown distant, worn thin, been allowed to slip away? Do a bit of friendship repair with a welcome oil-change, and a few new points and plugs. Invite a friend or lover to do lunch: Whatever it takes, fix it: Whatever it needs, mend it: Whenever it bleeds, move on to a more worthy and willing recipient of your hearts affections. An old Scottish proverb states, He who ceases to be your friend never was a good one. In other words, with friends like you, who needs enemies? While youre at it, start at home with your significant other. Maintain this key friendship when it warrants home-improvement. Remember, your mate reads you like a book, which ought not be a mystery novel. Perhaps you need to uncover the tinfoil to let her read the introduction and to truly reveal your heart, by allowing her not just to scan but to study all its pages. A woman, who is allowed this look-see inside her mates heart, is the one who becomes and remains your life-long best friend, partner and home companion. A Promise Keeper, fueled by faith, fired with compassion and true to God, achieves unconditional passions for love of life, love of wife, of relatives and friends, co-workers, and parishioners, and has love to spare even for enemies. So turn the other cheek. The other kiss may be love-saving. To have a friend is to be one; its the beginning of relationships that lead to loves: paternal, filial, (described as fraternal), as in Philadelphia, (city of brotherly love), and Eros, even if the arrows point in alternate-lifestyle directions, and sex without love or marriage. Agape love, of course, is the ultimate love of our Creator for his Creation, leading to Eternal Love, if you will, that Father-God promises His children. To love one another as He loves us, is not a request, but a command, from the Nurturer who furnishes the glue to make it stick. Can you buy love? Sure, if youre shopping for a convenient kind, tried and untrue. You can only earn respect by modeling love. It is o

I'm No Angel Jan 20 2023 In December 2011, 21-year-old Victoria's Secret Runway Angel Kylie Bisutti stunned the fashion industry when she chose faith over fame and fortune and made the switch from supermodel to role model. In *I'm No Angel*, Kylie shares her story—from her early years as she struggled to make it big in the cutthroat world of modeling, to her “big break” winning the Victoria's Secret Runway Angel competition, to the disillusionment and spiritual warfare that followed. After finally realizing that she could no longer reconcile her career with her Christian beliefs, she surrendered her life to God and dedicated her life to preaching a message of modesty and inner beauty. Along the way, Kylie talks about her personal struggles with inadequacy, low self-esteem, and her near-constant quest for approval in a world where you can never be thin enough, pretty enough, or sexy enough. She helps readers understand that true beauty lies within and that real fulfillment comes from knowing, loving, and serving Christ.

Pre-Code Hollywood Aug 15 2022 Pre-Code Hollywood explores the fascinating period in American motion picture history from 1930 to 1934 when the commandments of the Production Code Administration were violated with impunity in a series of wildly unconventional films—a time when censorship was lax and Hollywood made the most of it. Though more unbridled, salacious, subversive, and just plain bizarre than what came afterwards, the films of the period do indeed have the look of Hollywood cinema—but the moral terrain is so off-kilter that they seem imported from a parallel universe. In a sense, Doherty avers, the films of pre-Code Hollywood are from another universe. They lay bare what Hollywood under the Production Code attempted to cover up and push offscreen: sexual liaisons unsanctified by the laws of God or man, marriage ridiculed and redefined, ethnic lines crossed and racial barriers ignored, economic injustice exposed and political corruption assumed, vice unpunished and virtue unrewarded—in sum, pretty much the raw stuff of American culture,

unvarnished and unveiled. No other book has yet sought to interpret the films and film-related meanings of the pre-Code era—what defined the period, why it ended, and what its relationship was to the country as a whole during the darkest years of the Great Depression... and afterward.

No Angel May 12 2022 In 2001 Jay Dobyns infiltrated a Hells Angels chapter operating in Arizona, in a highly secretive ATF investigation code named Operation Black Biscuit. The aim was simple: to examine the criminal underbelly of the world's most famous biker group, and bring a

major case against them. The reality, however, was much more complicated. In the twenty-one months that he spent inside the club, Dobyns became seduced by the outlaw lifestyle: seduced by the physical menace that comes with wearing the patch; seduced by riding his Harley down the highway at 100 miles an hour, eight bikes to a column, one bike's wheels 18 inches from the next; and seduced by the intense bonds he forms within the club, where friends lay down their lives for each other. *No Angel* is a thrilling, adrenaline-fueled ride of a book, which lifts the lid on the world's most infamous underworlds.

Mae West Sep 16 2022 "Why don't you come up and see me sometime?" Mae West invited and promptly captured the imagination of generations. Even today, years after her death, the actress and author is still regarded as the pop archetype of sexual wantonness and ribald humor. But who was this saucy starlet, a woman who was controversial enough to be jailed, pursued by film censors and banned from the airwaves for the revolutionary content of her work, and yet would ascend to the status of film legend? Sifting through previously untapped sources, author Jill Watts unravels the enigmatic life of Mae West, tracing her early years spent in the Brooklyn subculture of boxers and underworld figures, and follows her journey through burlesque, vaudeville, Broadway and, finally, Hollywood, where she quickly became one of the big screen's most popular--and colorful--stars. Exploring West's penchant for contradiction and her carefully perpetuated paradoxes, Watts convincingly argues that Mae West borrowed heavily from African American culture, music, dance and humor, creating a subversive voice for herself by which she artfully challenged society and its assumptions regarding race, class and gender. Viewing West as a trickster,

Watts demonstrates that by appropriating for her character the black tradition of double-speak and "signifying," West also may have hinted at her own African-American ancestry and the phenomenon of a black woman passing for white. This absolutely fascinating study is the first comprehensive, interpretive account of Mae West's life and work. It reveals a beloved icon as a radically subversive artist consciously creating her own complex image.

Phoenix Feb 15 2020 More than half of all Arizonans live in Phoenix, the center of one of the most urbanized states in the nation. This history of the Sunbelt metropolis traces its growth from its founding in 1867 to its present status as one of the ten largest cities in the United States. Drawing on a wide variety of archival materials, oral accounts, promotional literature, and urban historical studies, Bradford Luckingham presents an urban biography of a thriving city that for more than a century has been an oasis of civilization in the desert Southwest. First homesteaded by pioneers bent on seeing a new agricultural empire rise phoenix-like from ancient Hohokam Indian irrigation ditches and farming settlements, Phoenix became an agricultural oasis in the desert during the late 1800s. With the coming of the railroads and the transfer of the territorial capital to Phoenix, local boosters were already proclaiming it the new commercial center of Arizona. As the city also came to be recognized as a health and tourist mecca, thanks to its favorable climate, the concept of "the good life" became the centerpiece of the city's promotional efforts. Luckingham follows these trends through rapid expansion, the Depression, and the postwar boom years, and shows how economic growth and quality of life have come into conflict in recent times.

Now, he has come home to a new kind of prison: two battered rooms in an abandoned building in Watts. Working for the Bounty supermarket, and moving perilously close to invisibility, it is Socrates who throws a lifeline to a drowning man: young Darryl, whose shaky path is already bloodstained and fearsome. In a place of violence and hopelessness, Socrates offers up his own battle-scarred wisdom that can turn the world around.
