**Rustication** Sep 03 2021 One of Publishers Weekly's Best Books of the Year. "A literary Dr. Frankenstein, [Palliser] has stitched together parts of Jane Austen and Edgar Allan Poe. The result is deliciously wicked." —Ron Charles, Washington Post Charles Palliser's work has been hailed as "so compulsively absorbing that reality disappears" (New York Times). Since his extraordinary debut, *The Quincunx*, his works have sold over one million copies worldwide. With his novel, *Rustication*, he returns to the town of Thurchester, which he evoked so hauntingly in *The Unburied*. It is winter 1863, and Richard Shenstone, aged seventeen, has been sent down—"rusticated"—from Cambridge under a cloud of suspicion. Addicted to opium and tormented by sexual desire, he finds temporary refuge in a dilapidated old mansion on the southern English coast inhabited by his newly impoverished mother and his sister, Effie. Soon, graphic and threatening letters begin to circulate among his neighbors, and Richard finds himself the leading suspect in a series of crimes and misdemeanors ranging from vivisection to murder. Atmospheric, lurid, and brilliantly executed, *Rustication* is sure to spin readers into its "spider's web of intrigue and violence" (Jane Jakeman, *The Independent*).

**The Horned Man** Dec 14 2019 Lawrence Miller, an English expatriate in New York, tells the story of what appears to be an elaborate conspiracy to frame him for a series of brutal killings. The intricate plot entangles Miller, a teacher of Gender Studies, in the lives of a womanising colleague under investigation for sexual harassment, a lonely attorney who has developed an inexplicable passion for Miller, and a shadowy Bulgarian who adapts Kafka for the stage, is prone to acts of explosive violence, and may or may not be sleeping under Miller's office desk. As the novel spirals to its

shocking conclusion, Lawrence Miller traverses, in terror, the streets of Manhattan, tracking the lines of human connection across the city and out to the decaying suburbs beyond, in wild pursuit of his persecutors.

**Coyote Fork** Apr 29 2021 British journalist Robert Lovelace travels to California to report on the social media giant Global Village. He's horrified by what he finds: a company--guided by the ruthless vision of its founder, Evan Bone--that seems to be making journalism itself redundant. Appalled, he decides to abandon the project and return home. But as he leaves he has a disconcerting encounter that sends him off in a totally different direction. Soon he finds himself embarked on an increasingly fraught and dangerous mission. The aim: to uncover the murky truth about Evan Bone's past and his pathological disregard for the human cost of the behemoth he has created. Robert's quest takes him from San Francisco to a small college town in the Midwest, to the site of a former hippie commune in northern California, introducing us to a range of vivid characters, and confronting us with the price we pay--online trolling; the loss of privacy; professional ruin--for living in an "interconnected" world. Finally, he makes a startling discovery--and is thrown into a completely unforeseen existential dilemma. A timely, stylishly written, and brilliantly conceived metaphysical thriller, *Coyote Fork* carries us on an unforgettable journey, before bringing us face to face with the darkness at the heart of Silicon Valley itself.

**The Meaning of Night** Aug 14 2022 Shortlisted for the Costa First Novel Award 'A novel of fate and free will, forensic detection and blind love, crime and its justifications . . . finely tuned yet extravagantly complex' Evening Standard A cold October night, 1854. In a dark passageway, an innocent man is stabbed to death. So begins the extraordinary story of Edward Glyver, book lover, scholar and murderer. As a young boy, Glyver always believed he was destined for greatness. This seems the stuff of dreams, until a chance discovery convinces Glyver that he was right: greatness does await him, along with immense wealth and influence. And he will stop at nothing to win back a prize that he now knows is rightfully his. Glyver's path leads him from the depths of Victorian London, with its foggy streets, brothels and opium dens, to Evenwood, one of England's most enchanting country houses. His is a story of betrayal and treachery, of death and delusion, of ruthless obsession and ambition. And at every turn, driving Glyver irresistibly onwards, is his deadly rival: the poet-criminal Phoebus Rainsford Daunt. Thirty years in the writing, *The Meaning of Night* is a stunning achievement. Full of drama and passion, it is an enthralling novel that will captivate readers right up to its final thrilling revelation.

*The Quincunx* Oct 16 2022 An extraordinary modern novel in the Victorian tradition, Charles Palliser has created something extraordinary—a plot within a plot within a plot of family secrets, mysterious clues, low-born birth, high-reaching immorality, and, always, always the fog-enshrouded, enigmatic character of 19th century—London itself. “So compulsively absorbing that reality disappears . . . One is swept along by those enduring emotions that defy modern art and a random universe: hunger for revenge, longing for justice and the fantasy secretly entertained by most people that the bad will be punished and the good rewarded.”—The New York Times “A virtuoso achievement . . . It is an epic, a tour de force, a staggeringly complex and tantalizingly layered tale that will keep readers engrossed in days. . . . The Quincunx will not disappoint you. It is, quite simply, superb.”—Chicago Sun-Times “A bold and vivid tale that invites the reader to get lost in the intoxicating rhythms of another world. And the invitation is irresistible.”—San Francisco Chronicle “A remarkable book . . . In mood, color, atmosphere and characters, this is Charles Dickens reincarnated . .

. It is an immersing experience.”—Los Angeles Times Book Review “To read the first pages is to be trapped for seven-hundred odd more: you cannot stop turning them.”—The New Yorker “Few books, at most a dozen or two in a lifetime, affect us this way. . . . For sheer intricacy and ingenuity, for skill and clarity of storytelling, it is the kind of book readers wait for, a book to get lost in.”—The Philadelphia Inquirer

**Betraysals** Dec 18 2022 At once a hypnotic murder mystery, scathing literary parody, soap opera, and brilliant pastiche, *Betraysals* is an astonishing virtuoso performance by a modern master of literary gamesmanship in the tradition of Vladimir Nabokov and John Barth. The novel unfolds in a series of seemingly unrelated narratives, each written in a different style -- indeed, in a different genre. There is an obituary for a Scottish scientist and Nobel Prize winner, written by a colleague who clearly relishes his death. Early in the century, a train in the Scottish Highlands heads down the wrong track during a winter snowstorm, and the passengers are forced to abandon the train, resulting in the death -- or is it murder? -- of one of them. An inane publisher's reader summarizes the plot of a tacky hospital romance novel, which ends in a gory murder all too reminiscent of Jack the Ripper. Even a report on a contemporary academic controversy explodes into a scandal of plagiarism, shattered reputations, paranoia, and suicide -- or is it murder made to look as such? As Palliser deftly teases out each new situation, it becomes clear that they are all variations on a single outrageous theme: a distinguished figure in some intellectual pursuit -- science, literature, academia -- becomes obsessed with the success of a rival and schemes his demise, only to botch the job out of sheer monomania. Like the scorpion that stings itself to death, each plotter becomes a victim of his own plot; each betrayer changes places with the betrayed in an intricate dance of deception, revenge, and revelation. A challenging, engrossing, utterly original work of art, *Betraysals* is also pure joy to read -- a book that will make you laugh out loud, turn pages madly in pursuit of the next plot twist, and above all, marvel at the supreme ingenuity of a fictional puzzle in which the unlikeliest pieces fit together perfectly.

**Reformation in Britain and Ireland** Jul 01 2021 The study of the Reformation in England and Wales, Ireland and Scotland has usually been treated by historians as a series of discrete national stories. *Reformation in Britain and Ireland* draws upon the growing genre of writing about British History to construct an innovative narrative of religious change in the four countries/three kingdoms. The text uses a broadly chronological framework to consider the strengths and weaknesses of the pre-Reformation churches; the political crises of the break with Rome; the development of Protestantism and changes in popular religious culture. The tools of conversion - the Bible, preaching and catechising - are accorded specific attention, as is doctrinal change. It is argued that political calculations did most to determine the success or failure of reformation, though the ideological commitment of a clerical elite was also of central significance.

**An Instance Of The Fingerpost** Jun 12 2022 An extraordinary intellectual thriller set in Oxford in the 1660s, AN INSTANCE OF THE FINGERPOST has been compared to both Umberto Eco's THE NAME OF THE ROSE and Rose Tremain's RESTORATION. The 1660s were a time of great ferment - intellectual, religious and political - and this is reflected in Pears's text. The novel is centred on a suspicious death, that of Robert Grove, fellow of New College. We hear about it from four witnesses, a Venetian Catholic intent on claiming credit for the invention of blood transfusion; the son of a supposed traitor to the Royalist cause, determined to vindicate his father; John Wallis, chief cryptographer to both Cromwell and Charles II, a mathematician, theologian and master spy; and Anthony Wood, the famous Oxford antiquary. Each of the first three witnesses is unreliable - they seem convincing, but the conclusions are contradictory - and only Wood, in the final volume, reveals the truth. Brilliantly written, utterly convincing, gripping from the first page to the last, AN INSTANCE OF THE FINGERPOST is destined to be a major international bestseller.

**The Last Legends of Earth** Nov 24 2020 Seven billion years from now, long after the Sun has died and human life itself has become extinct, alien beings reincarnate humanity from our fossilized DNA drifting as debris in the void of deep space. We are reborn to serve as bait in a battle to the death between the Rimstalker, humankind's reanimator, and the zotl, horrific creatures who feed vampire-like on the suffering of intelligent lifeforms. The reborn children of Earth are told: "You owe no debt to the being that roused you to this second life. Neither must you expect it to guide you or benefit you in any way." Yet humans choose sides, as humans will, participating in the titanic struggle between Rimstalker and zotl in ways strange and momentous. Author's Note: The volumes of this series can each be read independently of the others. The feature that unifies them is their individual observations of science fiction's sub-genre: "space opera," which the editors David G. Hartwell and Kathryn Cramer define as "colorful, dramatic, large-scale science fiction adventure, competently and sometimes beautifully written, usually focused on a sympathetic, heroic central character and plot action, and usually set in the relatively distant future, and in space or on other worlds, characteristically optimistic in tone. It often deals with war, piracy, military virtues, and very large-scale action, large stakes."

*Fictions of Disease in Early Modern England* Jan 15 2020 How did early modern people imagine their bodies? What impact did the new disease syphilis and recurrent outbreaks of plague have on these mental landscapes? Why was the glutted belly such a potent symbol of pathology? Ranging from the Reformation through the English Civil War, *Fictions of Disease in Early Modern England* is a unique study of a fascinating cultural imaginary of 'disease' and its political consequences. Healy's original approach illuminates the period's disease-impregnated literature, including works by Shakespeare, Milton, Dekker, Heywood and others.

Lawrence Sondhaus examines the navies of Britain, France, Germany, the United States, Japan, Brazil, Chile and the Soviet Union, demonstrating the variety of ways in which these countries have made decisive use of naval power, and the challenges these navies faced when assembling equipment and stores, training sailors, and undertaking various missions, and shows in what ways the results helped change the course of modern world history."
