Whoever looks to a new book by James Dickey for further work in an established mode, or for mere novelty, is going to be disappointed. But those who seek instead a true

widening of the horizons of meaning, coupled with a sure-handed mastery of the craft of poetry, will find this latest collection satisfying indeed. Here is a man who matches superb gifts with a truly subtle imagination, into whose depths he is courageously traveling—pioneering—in exploratory penetrations into areas of life that are too often evaded or denied. "The Firebombing," "Slave Quarters," "The Fiend"—these poems, with the others that comprise the present volume, show a mature and original poet at his finest. An adventure story and a deeply considered meditation upon the sea itself. "Beautiful

and original...a resonant and symbolical story of nine doomed men who dream of an earthly paradise as the world winds down around them." —Newsweek

Mona is a Millennial perfectionist who fails upwards in the midst of the 2008 economic crisis. Despite her potential, and her top-of-her-class college degree, Mona finds herself unemployed, living with her parents, and adrift in life and love. Mona's the sort who says exactly the right thing at absolutely the wrong moments, seeing the world through a cynic's eyes. In the financial and social malaise of the early 2000s, Mona walks

a knife's edge as she faces down unemployment, underemployment, the complexities of adult relationships, and the downward spiral of her parents' shattering marriage. The more Mona craves perfection and order, the more she is forced to see that it is never attainable. Mona's journey asks the question: When we find what gives our life meaning, will we be ready for it? Sergeant Muldrow is an American airman who is shot down over Tokyo during World War II. Using skills gained in his youth in his native Alaska, he proceeds to make his escape. A brutal and often poetic tale of survival in the

course of which the airman kills a man for his clothes, eats a swan for meat and undergoes torture at the hands of the police. From the award-winning, bestselling author of *Deliverance* and *Buckdancer's Choice* comes the heart-stopping story of an American tail-gunner who parachutes from his burning plane into Tokyo during the final months of World War II. "A first-rate adventure story".--Newsweek.

Published to coincide with his son Christopher Dickey's memoir, "Summer of *Deliverance*," this collection of poems and prose distill's James Dickey's tremendous talent and influence, and

sheds light on his remarkable career. "What Citizen Kane was to movie lovers in 1941, The Wild Bunch was to cineastes in 1969," critic Michael Sragow wrote in the New Yorker. "Its adrenaline rush of revelations seemed to explode the parameters of the screen." If They Move . . . Kill 'Em! is the first major biography of David Samuel Peckinpah. Written by the film critic and historian David Weddle, this fascinating account does critical justice to an important body of cinema as it spins the tale of Peckinpah's dramatic, overcharged life and the turbulent times through which he moved. Sam Peckinpah was

born into a clan of lumberjacks, cattle ranchers, and frontier lawyers. After a hitch with the Marines, he made his way to Hollywood, where he worked on a string of low-budget features. In 1955 he began writing scripts for Gunsmoke; in less than a year he was one of the hottest writers in television, with two classic series, The Rifleman and The Westerner, to his credit. From there he went on to direct a phenomenal series of features, including Ride the High Country, Straw Dogs, The Getaway, Pat Garrett and the Billy the Kid, and The Wild Bunch. Peckinpah was both a hopeless romantic

and a grim nihilist, a filmmaker who defined his era as much as he was shaped by it. Rising to prominence in the social and political upheaval of the late sixties and early seventies, Peckinpah and his generation of directors—Stanley Kubrick, Arthur Penn, Robert Altman—broke with convention and turned the traditional genres of Western, science fiction, war, and detective movies inside out. No other era in Hollywood has matched it for sheer energy, audacity, and originality, no one cut a wider path through that time than Sam Peckinpah. Adapted by the Coen Brothers into an

Academy Award winning film, No Country For Old Men is a dark and suspenseful novel from Cormac McCarthy, author of The Road. Llewelyn Moss, hunting antelope near the Rio Grande, stumbles upon a transaction gone horribly wrong. Finding bullet-ridden bodies, several kilos of heroin, and a caseload of cash, he faces a choice - leave the scene as he found it, or cut the money and run. Choosing the latter, he knows, will change everything. And so begins a terrifying chain of events, in which each participant seems determined to answer the question that one asks another: how

does a man decide in what order to abandon his life? This edition is part of the Picador Collection, a new list of the best in contemporary literature published in Picador's 50th Anniversary year. McCarthy's eagerly anticipated new novels, The Passenger and Stella Maris, will be published by Picador in October 2022. DigiCat Publishing presents to you this special edition of "The Big Sea" by Langston Hughes. DigiCat Publishing considers every written word to be a legacy of humankind. The eagerly awaited new work from James Dickey, his first novel since the brilliant Deliverance. Alnilam is a startling rite of passage through the worlds of darkness and sight, a stunning portrait of one blind man's quest to learn the truth of his son's disappearance during World War II, a story told partly in parallel columns describing both the blind man's perceptions and the point of

view of seeing characters. Esquire excerpt. A narrative poem in which a young girl battles with the elements she finds in the night. Part of Faber's critically acclaimed Poet to Poet series In one harrowing day, Viking raiders capture Bree and her brother Devin and take them from their home in Ireland. After the young Viking prince Mikkell sets Devin free on the Irish coast far from home, Bree and Devin embark on separate journeys to courage. Readers will be captivated by the unfolding drama as Bree sails to Norway on the Viking ship and Devin travels the dangerous road home. They both

must trust their all-powerful God in the midst of difficult situations. Death, and the Day's Light, the volume of poetry James Dickey was working on when he died, offers the writer's final views on love and death, fathers and sons, and war and resurrection. Housman, Gerard Manley Hopkins, Robert Frost, Walter de la Mare, and Robert Bridges. Filled with drama and battle, tragedy and romance, Sharon Penman's The Land Beyond the Sea tells the epic tale of a clash of cultures that will resonate with readers today. 1172. The Kingdom of Jerusalem, also known as Outremer - the land beyond the sea. A young

realm, Outremer was baptized in blood when the men of the First Crusade captured Jerusalem from the Saracens in 1099. The crusaders who stayed have adapted to an utterly new world: a landscape of blazing heat, exotic customs and enemies who are also neighbours. Seeking retribution for the massacre in 1099, Saladin, leader of the vast Saracen army, launches a campaign to reclaim the sacred land from its current ruler, Baldwin IV. But while the young king proves to be intelligent, courageous and dedicated to the welfare and protection of his

people, he lives his life under the terrible affliction of leprosy which has plagued him from an early age. While the scheming of rival factions and fierce political deception plague the halls of the royal court, the ever-present threat from Saladin weighs heavily on the young king's shoulders.

Furthermore, there are few that Baldwin can trust, including the archbishop William of Tyre and Lord Balian d'Ibelin, a charismatic leader who has been one of the few to maintain the peace. But war is coming . . . The Call of the Wild is Now a Major Motion Picture Starring Harrison Ford! Out

of the white wilderness, out of the Far North, Jack London, one of America's most popular authors, drew the inspiration for his robust tales of perilous adventure and animal cunning. Swiftly paced and vividly written, the novel and five short stories included here capture the main theme of London's work: the law of the club and the fang—man's instinctive reversion to primitive behavior when pitted against the brute force of nature. Includes The Call of the Wild, Diable: A Dog, An Odyssey of the North, To the Man on the Trail, To Build a Fire, and Love of Life Winner

of the 2014 NAACP Image Award, A Wanted Woman is a dangerous thrill ride like no other from New York Times bestselling author Eric Jerome Dickey. The assassin called Reaper is a woman of a thousand faces, and just as many accents. In the blink of an eye, she can become anyone. Some desirable. All dangerous. For Reaper, the Trinidad contract should be simple: infiltrate the infamous Laventille Killers' organization, earn access to her political target, eliminate him, and then escape from the island. When complications arise and the job goes bad, Reaper has no

viable exit plan. The LK warlords want her publicly executed, and their pursuit is far-reaching and merciless. Trawling for low-profile assignments is all Reaper can do to keep her skills sharp and garner money to survive. And for an assassin with so many changeable identities, her newest one is too frighteningly real—as an expendable pawn between two warring organizations. Now, trapped on an island paradise turned prison, Reaper discovers that family ties run deep on both sides. Somewhere, sometime, someone has to be trusted—but one

wrong move could suddenly become her last breath. The Call of the Wild is a novel by Jack London. The story is set in the Yukon during the 1890s Klondike Gold Rush—a period when strong sled dogs were in high demand. The novel's central character is a dog named Buck, a domesticated dog living at a ranch in the Santa Clara valley of California as the story opens. Stolen from his home and sold into the brutal existence of an Alaskan sled dog, he reverts to atavistic traits. Buck is forced to adjust to, and survive, cruel treatments and fight to dominate other dogs in a harsh climate.

Eventually he sheds the veneer of civilization, relying on primordial instincts and lessons he learns, to emerge as a leader in the wild. In early June 1943, James Eric Swift, a pilot with 83 Squadron of the Royal Air Force, boarded his Lancaster bomber for a night raid on Münster and disappeared. Aerial bombardment was to the Second World War what the trenches were to the First: a shocking and new form of warfare, wretched and unexpected, and carried out at a terrible scale of loss. Just as the trenches produced the most remarkable poetry of the First World

War, so too did the bombing campaigns foster a haunting set of poems during the Second. In researching the life of his grandfather, Daniel Swift became engrossed in the connections between air war and poetry. Ostensibly a narrative of the author's search for his lost grandfather through military and civilian archives and in interviews conducted in the Netherlands, Germany and England, Bomber County is also an examination of the relationship between the bombing campaigns of the Second World War and poetry, an investigation into the experience of

bombing and being bombed, and a powerful reckoning with the morals and literature of a vanished moment. Summer of Deliverance is a powerful and moving memoir of anger, love, and reconciliation between a son and his father. Hailed as a literary genius of his generation, James Dickey created his art and lived his life with a ferocious passion. He was a heavy drinker, a destructive husband and father, a poet of grace and sensitivity, and, after the publication and subsequent film of his novel, Deliverance, a wildly popular literary star. Drawing on letters,

notebooks, diaries, and his explicit conversations with his father, Christopher Dickey has crafted a superb memoir of the corrosive effects of fame, a moving remembrance of a crisis that united a family, and an inspiring celebration of love between father and son. Presents the tale of an American pilot shot down during the firebombing raid on Tokyo near the end of World War II, whose escape becomes a violent journey of self-exploration Elements: The Novels of James Dickey draws upon previously undiscussed manuscripts and notes to articulate

Dickey's fictional vision as it appears in his three published novels, while also examining his early unpublished fiction and post-deliverance screenplays. The book's thesis follows Dickey's philosophical and verbal theory for his published fiction (the practice of merging), illustrating the multifaceted and layered manner in which it functions, encompassing protagonist and environment and reader and text. Just as Ed Gentry, Joel Cahill, and Muldrow assume the essence of their respective environments, the reader is subtly asked to become a part of the text

while retaining cognitive independence "to blend in the place your're in, but with a mind to do something" (To the White Sea 273). Having explored the connective qualities of Dickey's published novels, the book's final chapter turns to a summary of Dickey's unpublished and largely unknown fiction. Discussing a novel manuscript, four short stories, three screenplays, and five screenplay prospecti, the chapter seeks to summarize these heretofore undiscussed works while also tracing their similarities with the published texts. Four Atlanta businessmen--Lewis Medlock, Ed

Gentry, Bobby Trippe and Drew Ballinger--decide to canoe down a river in the remote northern Georgia wilderness before it is dammed. Lewis, an experienced outdoorsman, is the leader; his close friend Ed has been on several trips but lacks Lewis' machismo, while Bobby and Drew are novices. En route to their launch site, the men (Bobby in particular) are condescending towards the locals, who are unimpressed by the "city boys". At a local gas station Drew, with his guitar, engages a young banjo-playing boy in a musical duel ("Dueling Banjos"). Although Drew enjoys it, the

boy does not acknowledge him when prompted for a congratulatory handshake. This collection includes a foreword by poet Richard Howard, president of the PEN American Center and winner of the Pulitzer Prize for his 1969 collection, *Untitled Subjects*. James Bamford has been the preeminent expert on the National Security Agency since his reporting revealed the agency's existence in the 1980s. Now Bamford describes the transformation of the NSA since 9/11, as the agency increasingly turns its high-tech ears on the American public. *The Shadow Factory* reconstructs how

the NSA missed a chance to thwart the 9/11 hijackers and details how this mistake has led to a heightening of domestic surveillance. In disturbing detail, Bamford describes exactly how every American's data is being mined and what is being done with it. Any reader who thinks America's liberties are being protected by Congress will be shocked and appalled at what is revealed here. It is 1943, and 11-year-old Dewey Kerrigan is traveling west on a train to live with her scientist father—but no one, not her father nor the military guardians who accompany her, will tell her exactly where he is. When

she reaches Los Alamos, New Mexico, she learns why: he's working on a top secret government program. Over the next few years, Dewey gets to know eminent scientists, starts tinkering with her own mechanical projects, becomes friends with a budding artist who is as much of a misfit as she is—and, all the while, has no idea how the Manhattan Project is about to change the world. This book's fresh prose and fascinating subject are like nothing you've read before. New York Times bestselling author Eric Jerome Dickey once again "pushes romance and deceit to the next level"

(USA Weekend) in this tantalizing tale of a high-profile marriage rocked by scandal, obsession, and murder. Screenwriter James Thicke is a man whose mysterious past runs as deep as his violent streak. Now he and his volatile movie star wife, Regina Baptiste, have channeled their passions into an electrifying new project: a film rumored to cross the boundaries of on-screen sexuality. But it's James's limits that are about to be tested—by a surreptitiously filmed video of his wife with her co-star Johnny Bergs, in the most comprising of situations. Within hours, it goes viral.

Regina claims she is innocent. But the humiliation and rage leave James with only one recourse—an act of violence that sends him on the run and into hiding. Seething with bitter betrayal, and a still-consuming love for his troubled wife, he nurses a slow-boiling desire for something more permanent: revenge. His need for vengeance takes James and Regina on a headlong odyssey of obsession, sexual impulse, blackmail, and murder. And getting back will be hell. Contemporary poetry may seem like a foreign country you've barely visited and wouldn't dream of living in. Beautiful & Pointless,

however, reveals how to accept the foreignness of poetry in the same way we accept the strange delights of a place we're traveling to for the first time. Expect a little confusion, many delightful surprises, and a few experiences that will change the way you think about language and life. Award-winning critic David Orr is what every reader hopes for: the guide who points the way, doesn't talk too much, and helps you see what you might have missed on your own. Stimulating, amusing, and utterly engrossing, Beautiful & Pointless empowers us to engage with poetry as individual readers, allowing

each of us to appreciate it in our own way. From New York Times bestselling author Susanna Kearsley 1707 An ill-fated expedition for the New World left Sophia Paterson an orphan, cared for by her uncle. On his passing, a distant relative offers what Sophia longs for most: a home. Slains Castle, on the rugged Scottish coast, is much more comfortable than she is accustomed to. But danger is right around the corner, as rebels conspire to bring the exiled James Stewart to Scotland to reclaim his crown. Present day Enchanted by the ruins of the castle, Carrie McClelland hopes to turn this all-but-forgotten

story into her next novel. Settling in the nearby village, she creates a heroine named after one of her ancestors and starts to write. Discovering her novel contains more than she researched, Carrie wonders if this is ancestral memory - making her the only living person to know what truly happened all those years ago. With each new chapter she uncovers the secrets of the past in a sweeping tale of love, loyalty and ultimate betrayal. Like many visionary poets of the ecstatic imagination, Dickey experimented in a wide variety of literary styles. This volume brings together the finest work from each of the periods in Dickey's extremely

controversial career. For over three decades, until his death in 1997, Dickey was one of the nation's most important poets; these are the poems that brought him a popular readership and critical acclaim. This retrospective collection includes most of the poems from each of the poet's previous books, as selected by the poet, and the complete text of "Another Life," a long narrative poem
